

# PEAP

Grades  
1-3

## Primary Engineering Adventure Meets the “R” in STREAM

**“For every structure is built by someone, but the builder of all things is God.”**

- Hebrews 3:4

- ◇ Help David prepare his slingshot to face Goliath!
- ◇ Assist Noah in building his ark to save animals two by two.

Familiar and timeless stories encourage students to begin problem solving, generate design proposals, collaborate, and make connections to the enchantment of engineering!

PEAP will strengthen students’ enthusiasm and knowledge of Old Testament lessons in faith, while adapting the engineering and design process to meet the needs of our favorite bible heroes.
