

Nativity of Our Lord School Philosophy

“Nativity of Our Lord School, an integral part of a total Roman Catholic parish community, aims to provide quality education for pre-kindergarten through eighth-grade students. Religion, the core of the curriculum, emphasizes moral and spiritual values, which permeate every aspect of the total instructional program. Consistent with the student’s academic potential, achievement is second only to those character traits that typify Christian ladies and gentlemen and informed, law-abiding citizens. Participation in sports and co-curricular activities is encouraged and fostered at all levels.

“The philosophy of Nativity of Our Lord is based on a firm belief in each individual's inherent dignity. Accordingly, ample opportunities for spiritual and intellectual growth are available to all students. Our philosophy of education also reflects an awareness, on the part of the staff, of the diversity of economic, social, and cultural differences within the school community.

“Since Nativity of Our Lord School finds its true justification in the mission of the Church, our educational philosophy is one in which faith, culture, and life are brought into harmony.”

[From the Philosophy to the Self-Study for the Middle States Association of Colleges and Schools, 20002]

Nativity of Our Lord School Policies

A. NONDISCRIMINATION POLICY

Nativity of Our Lord School admits students of any race, color, and national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students of the school. It does not discriminate based on race, color, national or ethnic origin in the administration of its educational policies, admissions policies, or athletic and other school-administered programs.

B. SCHOOL HOURS

All students in grades kindergarten through eight must report to school by 8:15 a.m. All students are to report to the cafeteria when they arrive at school and wait there to be dismissed to their classrooms. The preparation bell at the end of the day rings at 2:25 p.m., the bus students are dismissed between 2:30 and 2:40 p.m., and walkers are dismissed starting at 2:40 p.m. All bus students and walkers are dismissed by grade level, beginning with the primary

(Kindergarten-Grade 2), then the intermediate grades(3-5), and finally the junior high.

The school office is open from 7:30 a.m. to 3:30 p.m.

Nativity School does permit the early drop-off of students in the morning. Parents may leave students starting at 7:30 a.m.

Students Arriving Late(Tardy)

- All students in grades K-8 who arrive after 8:20 are considered tardy
- Students should arrive by 8:15 daily.
- All tardy students in grades K-8 must report to the main office, sign in, and receive a late pass to present to their homeroom teacher.

B. VISITATION

In the interest of safety and good order, all visitors to any part of the school building must first report to the school office and sign in. Teachers and staff are always interested in meeting with parents, but unannounced visits are usually unproductive and are not encouraged. Appointments can be made directly with the individual teacher(s).

D. TRANSPORTATION

The Orchard Park School System provides transportation. Parents can check with the bus garage if a student loses something on the bus. Families in different school districts must contact their transportation department to obtain information or settle bus-related problems. If there are any questions or issues regarding transportation in OP, please call Joe Haier at 209-6237.

The driver handles behavior problems on the bus. In the case of serious misbehavior, they will send out a bus conduct report. The assistant principal is responsible for dealing with this problem. A conference with the student is held, and a copy of the information is sent home to the parents, the bus garage, and placed in the student’s permanent folder in the main office. If a student receives three reports, that student is suspended from the bus for a week, and parents are responsible for transportation to and from school. Any additional reports during that school year may result in suspension from the bus for the remainder of the school year.

Anytime a student deviates from the regular bus routine, taking a different bus home with a friend requires a note from the homeroom teacher and a note

for the bus driver, and must be signed by the principal.

Students are only allowed to ride on buses in their residential district.

Students who ride bicycles to school are urged to lock them in the bike rack on the side of the school building. Helmets must be worn according to New York State law.

Rollerblades or skateboards are not acceptable forms of transportation to or from school.

- Cargo pants or cargo shorts are NOT allowed as part of the school uniform in any grade.
- No printed t-shirts should be visible through the white dress shirt.
- If a child is dressed in a different uniform, a written excuse from the parents must be given to the homeroom teacher upon arrival.
- **All shirts and blouses must be tucked into skirts, pants, or shorts. Failure to comply may result in the student being issued a detention.**
- Parent cooperation with the uniform policy is greatly appreciated.

F. CAFETERIA

All students are expected to conduct themselves according to the honor code in place at our school at all times and for all activities. The following rules are to be observed at all times by all students:

- Students will remain seated while eating and after clean-up.
- When the entire table is finished with lunch, the monitor will let you throw away trash and clean off the table. The monitors will excuse one table at a time.
- Students must ask monitors for permission to leave the cafeteria.
- Students will speak at a conversational level.
- The class going outside at lunch must clean up entirely before being excused by the monitors.
- Failure to comply with appropriate behavior during lunch may impact a student's participation in recess and lead to consequences inherent in our Discipline Policy.

G. DISCIPLINE POLICY

Nativity School is a Christian Community based on respect for the individual. Discipline is geared to help the student grow in understanding self and Christian responsibilities to fellow students and others. Good discipline aids in the development of students who respect themselves, other persons, and duly constituted authority. Well-ordered classes, which create an atmosphere conducive to learning, will lead to an effective school program. Each student will sign an honor code and is expected to adhere to it.

Sometimes, it may be necessary to keep a child after school. In grades 1-5, the parents will be given reasonable notice and are expected to handle transportation and consult with the teacher.

In junior high, a lunch detention system and a detention system were established. Detention is held on Mondays from 2:45-3:45 p.m. Students can be detained for being late to class, skipping class, disrupting class, disrespecting peers or faculty, using profane language, failing to complete assigned work and other school and classroom rules violations. A detention slip notifies parents via mail.

Parents must provide transportation in all cases, as there is no late bus.

Serving detention takes precedence over any after-school activity.

Serious disciplinary infractions constitute grounds for suspension or expulsion.

- Delinquency and immorality constitute a definite menace to other students in the school community.
- Chronic and incurable misbehavior undermines classroom discipline and impedes the academic progress of the other students.
- Persistent defiance of the authority of the teacher or principal
- Assault, battery, or any threat of force or violence directed toward other students or school personnel.

Suspension is a drastic punishment that will be used rarely and only after all remedial measures have been employed without success. The school administration may suspend the following minors from required attendance upon instruction:

- A minor who is insubordinate or disorderly.
- A minor whose physical or mental condition endangers the health, safety, or morals of himself or other minors.

The permanent dismissal or involuntary transfer of a student for disciplinary reasons is an extreme measure and will be enacted only as a last resort.

There may be expulsion or automatic transfer when crime, scandal, immorality, or disruption constituting a threat to other students' physical or moral welfare is involved.

Substance Abuse: Any student in an elementary school of the diocese who is detected using, selling, giving, dealing, possessing, or under the influence of drugs or alcohol in school or at a school-sponsored event is liable to expulsion. The student will be suspended immediately, and a conference will be held with the student's parent(s) or guardian(s), including the principal and pastor. If not expelled, the student will be put on probation. In addition to recommending counseling, the principal will invoke suitable penalties and procedures to ensure the terms of the probation. In that case, a severe second offense against any school rule will result in the student's expulsion.

Any student in an elementary school of the diocese with drug or alcohol paraphernalia in their possession or at a school-sponsored event will be assigned a suitable punishment by the principal. The parent(s) or guardian(s) will be notified of the incident and the disciplinary actions.

Tobacco Use Restrictions: Any tobacco use, including vaping, cigarettes, pipes, snuff, and chew, is NOT PERMITTED on school grounds during school or student activity hours. School grounds include ANY BUILDING STRUCTURE and surrounding outdoor lands within the school's legally defined boundary. School hours include student activities supervised by the faculty, staff, or parents or any other school event such as dances, clubs, sporting events and practices, field trips, etc. Tobacco use is not allowed for students, visitors, repair and construction workers, chaperones, faculty, and other staff, as established by the Federal Pro Child Act of 1994-Goals 2000 Educate America Act.

Search and Seizure: Catholic School officials can enter a student's locker or desk at any time to search for questionable items. Searches can be unannounced, selective, and carried out even without a report of wrongdoing. If items found are illegal (i.e., nonprescriptive drugs, alcohol, weapons), they will be turned over to law enforcement authorities. If they violate school rules, school authorities will keep them.

Any student possessing a weapon on school property will be immediately expelled.

Zero Tolerance and Due Process: Nativity School will not tolerate or ignore any acts or threats of violence against the school faculty, staff, and students in school or out of school. If a student does violate the "Zero Tolerance Policy," due process will immediately go into effect. It includes, but is not limited to, the following:

- The pastor or canonical administrator will be immediately notified. The principal can proceed with disciplinary measures if the pastor or canonical administrator is unavailable.
- The parent(s) or guardian(s) of the student committing the violation will be called immediately, and the student will be placed on an out-of-school suspension, which could

lead to expulsion pending further investigation.

- A conference with the parent(s) or guardian(s) will include a written statement by the principal and possible consequences pending further investigation.
- Students who have been proven to have teased or bullied other students, causing an outburst of violence, will also be placed on disciplinary action. Parents will be called, come in for a conference, and a decision will be made regarding the consequences for these students.
- A letter of explanation to all parents will be sent home as soon as possible, assuring them that the safety of their children is a priority and that proper measures have been taken to ensure the school is safe.

Sexual Harassment: It is the policy of the Catholic Schools of the Diocese of Buffalo that all students have the right to be free from all forms of discrimination, including sexual harassment, in the school environment. Sexual harassment may take different forms. The following acts, although not automatically sexual harassment, may constitute sexual harassment under certain circumstances:

- **Verbal-** Sexual innuendoes, jokes of a sexual nature, and sexually degrading language to describe an individual;
- **Nonverbal-** Displaying sexually suggestive objects or pictures, leering, and making obscene gestures;
- **Physical-** Unwanted physical contact or touching, brushing up against the body, and any type of coerced sexual activity.

Sexual harassment does not refer to behavior or occasional compliments of a social nature. It refers to behavior that is not welcome, personally offensive, or that fails to respect the rights and dignity of others.

The principal will thoroughly and immediately investigate all claims of sexual harassment. Parents will be notified, and the pastor and principal will determine the punishment by due process.

H. ATTENDANCE POLICY

Nativity School has developed an attendance policy following New York State Education Law Section 3205. This policy will help uphold the school's philosophy, as stated in this handbook.

The elements of our comprehensive attendance policy are as follows:

Objectives: To ensure the maintenance of an adequate record verifying the attendance of all children at the instruction following Education Law 3205; to establish a practical mechanism for Nativity School to provide accountability of all students throughout each school day; and to ensure sufficient

pupil attendance at all scheduled periods of actual instruction or supervised student activities.

Strategies to Meet Objectives: Use of a daily register of attendance (Computerized or written), use of a recording system in departmentalized grades, use of a recording system for excused or unexcused absence for a day or portion of a day, use of a recording system for tardiness or early departure, use of a recording system for each scheduled day of instruction, and use of dates for entries and withdrawal of enrollment.

When Attendance will be recorded: Daily at the elementary level or period-by-period at the departmentalized elementary level and when students attend special area classrooms.

Determination of Excused and Unexcused

Absences: Excused absences shall include sickness, sickness, or death in the family, required to be in court, approved high school visits, quarantine, religious observance, attendance at health clinics, or "Take Your Child to Work Day."

Unexcused absences include unlawful detention, truancy, suspension, and family vacations.

Attendance and Course Credit: Schools within the Diocese of Buffalo Catholic Education System believe that student attendance in school increases student success. For each student to develop their talents, pursue academic quality, and foster responsibility and leadership, we encourage parental support in their children's educational success. Regular attendance in school is essential for student success. Subjects are taught in sequence and require understanding each concept according to its presentation.

Therefore, students who miss thirty(30) days of school and have yet to meet periodically with the school administration are in jeopardy of retention. Alternative education plans will be determined with the school administration and teachers at a conference. It is the parent's responsibility to notify the school administration of an attendance concern and to request such a conference.

Description of incentives and sanctions: Following school policy, regular attendance determines participation in special occasion days or events, regular attendance determines promotion, and excessive irregular attendance warrants notification of proper authorities.

Description of Notification of Parents: Parents notify the school of absence and tardiness by 8 a.m.; the school will call if a parent has not called by 8 a.m. Tardy students must first report to the school office. The parent must complete a written excuse, giving a specific reason for the absence or tardiness within three(3) days. The absence is recorded as unexcused unless an excuse is received within three(3) days. A

note should be submitted to the school office when a student is going to be released early, and the parent or guardian must come to the school office and sign out the student to be released.

Description of Intervention Strategies: School personnel will inform the administration of persistent attendance problems or patterns. The school needs to notify the parents of the problem or pattern. The school administration will notify the proper authorities if the problem or pattern persists.

Identification of Person to Review Attendance Records and Initiate Action: Pupil attendance records shall be reviewed by the principal to initiate appropriate action to address unexcused absences, tardiness, and early departure.

I. ADMINISTRATION OF MEDICATION

New York State Education Guidelines state that the nurse may administer over-the-counter or prescription medication if a parent submits a written request for medication administration. The following procedure must be followed:

- The child's physician must request in writing that a specific medication be given, prescribe the dose to be given, the time and duration of the treatment, and the reason for the medication being given.
- The parent should sign the request asking the nurse to give the medication.
- The parent should deliver the medication directly to the designated school personnel (i.e., the school nurse).
- The medication must be clearly labeled with adequate instructions from the pharmacy.
- The medication will be kept in a locked area, inaccessible to students.
- Children should never carry medication to school or have it with them during the day.

J. SNOW DAYS OR EMERGENCIES

When school must be closed due to weather conditions or other emergencies, an announcement will be made on Remind, by Email, and on Channels 2 and 4 Generally, Nativity School is closed when the Orchard Park Central Schools are closed. Children may be sent home early if conditions arise during the school day. Parents should be ready to receive them or have a plan for such an emergency.

K. ACADEMIC PROGRAM

"We believe that knowledge is a means, not an end, to the full development of the complete person. Accordingly, we strive to balance our educational

program's spiritual, intellectual, social, personal, and physical aspects. We view knowledge not merely as passing down factual information but rather as seeking, imparting, and deepening truth. This includes an effort to instill in our students an appreciation, not of truth alone, but also of the good and beautiful."

[Nativity of Our Lord Self-Study for the Middle States Association of Colleges and Schools, 2002]

Homework is an important part of the student's education. It establishes a daily link between home and school. In this way, homework helps allow parents to be involved in the curriculum regularly. For the student, it offers an opportunity to practice skills, review information learned in class, prepare for upcoming topics and tests, and to develop self-discipline and responsibility. Homework helps teachers in the evaluation of class and individual student progress. The policy is ten minutes per grade level.

The teacher will contact the parents of students who consistently fail to turn in assigned homework. In junior high, detention will be assigned for refusal to comply. Detention is not a substitute for completing the work; the missing assignment(s) is expected to be handed to the teacher.

- **Teachers are not required to provide homework or advance lesson plans to students going on family trips.**
- **Parents must call the office by 9:30 to arrange homework for an absent student.**

Report cards are issued three times per year for grades Pre-K-8. These issue dates can be found in the school calendar. The report cards are passed out in school and carried home by the students. The envelope should be signed by the parents or legal guardians and returned to school by the student.

Student achievement is assessed through various areas. These include:

- Class participation
- Classwork and homework,
- Final exams,
- Projects,
- Unit/Chapter tests and quizzes.

Upon accepting a student, the school accepts the responsibility of educating that child. Each child's performance is expected to be directed toward maximizing the individual's abilities and talents. The uniqueness and individual differences of each student are strong beliefs in the value system of Catholic schools. Every effort is made to meet the varying needs of our students within the limits of local resources.

Factors to be considered on the **promotion or retention** of a student include:

- Class performance according to grade-level requirements

- Student age and ability
- Performance on standardized tests
- Student achievement on tests and examinations
- Achievement of a required passing average

At the end of each marking period, student achievement in grades 3-8 is recognized through **First Honors and Second Honors** lists and awards. The criterion for **First Honors** is a quarterly average of 95-100. The criterion for **Second Honors** is a quarterly average of 90-94.9.

In junior high, **mid-trimester progress reports** are sent home to parents between report cards or at any point deemed necessary by the classroom teacher. The reports are designed to allow the teacher to note improved and deficient progress on the part of the student. This allows ample time to adjust to help the student achieve academically.

Students must be enrolled in courses to attend Nativity classes and receive full credit.

L. SPORTS AND EXTRA-CURRICULAR ACTIVITIES

Students participating in any sport or extra-curricular activity must work to their potential in the classroom. The principal will decide if any disciplinary actions need to be taken for students who fall below their academic level and in any cases of behavioral problems that may arise during the school day. Disciplinary actions may include suspension or probation. (See Discipline Policy)

Parental permission in writing is required for all students participating in extra-curricular activities.

The sports program at Nativity School intends to provide opportunities for student growth and development outside the formal classroom environment. The program will help develop a student's sportsman-like conduct, school spirit, and an attitude of healthy competition. The most important goal of the program is to foster a positive self-image among all participants and to teach the fundamentals in any of the sports.

Diocesan and Parochial League Rules and Regulations prevail.

Students who are absent from school for any reason MAY NOT participate in any after-school or evening activity.

M. TECHNOLOGY POLICY

Our technology network provides vast, diverse, and unique resources. The goal of our technology program is to promote educational excellence.

Acceptable Use: The purpose of Nativity of Our Lord's technology program is to support research and education by providing access to unique resources and collaborative work. The use of technology must be in

support of education consistent with the Nativity of Our Lord's Christian and educational philosophy.

Privileges: Using technology at Nativity is a privilege, not a right; inappropriate use will cancel those privileges. General school rules for behavior and communication apply. The school administration will decide at its sole discretion what is inappropriate use. The use will be denied for violations, and parents will be notified.

Supervision: Adult supervision will be provided as resources allow, and a filtering system has been installed on the Internet system at Nativity. However, in permitting their children to access the Internet at Nativity, **the parents acknowledge that the Internet has inappropriate material for children and that no system of supervision or filtering is foolproof or perfect.**

Security: Security on any computer system is a high priority, especially when the system involves many users. Any user identified as a security risk may be denied access to the Internet.

Vandalism: Vandalism will result in the cancellation of privileges. It is defined as any malicious attempt to harm or destroy equipment or alter data of another user, Internet service provider, or any agencies or networks connected to the Nativity of Our Lord system. This includes, but is not limited to, the uploading or creation of computer viruses or damage to computer stations, printers, and other devices. The parents will be held responsible for any expenses accrued due to their children's vandalism.

N. ELECTRONIC DEVICES

Personal electronic devices are not allowed in school. They should be turned off and kept in backpacks or lockers. This includes but is not limited to, cell phones, cameras, and other cellular devices. If it is used in school, they will be sent to the office and kept there until a parent can pick them up. Failure to comply may result in the student being issued a detention.
