

Tuition Policy Addendum

As we continue to review and refine our tuition structure, we want to share an important update with our school families.

The **\$500 Non-Parishioner Fee** will no longer be applied to each family, and Parishioners will no longer be exempt from a \$500 Non-Parishioner Fee. In place of this, a **\$350 textbook and technology fee** will be billed per family.

This fee will be invoiced through **FACTS incidental billing**. Please anticipate the invoice at the **beginning of July** with a due date of **October 15th**.

We appreciate your understanding and continued support as we work to streamline our process and ensure we are able to provide the resources and tools that best support our students' learning.
